TERMS:

The terms of the sale are cash, check or bank draft debit/credit card unless other arrangements are made in advance with the owner. **Electronic payments now accepted.** Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bidding ends, but the management will attend to loading on trucks in compliance with instructions from the purchasers.

GUARANTEE:

All cattle will sell under the suggested sale terms and conditions of the American Hereford Association.

HEALTH:

Individual health papers will be furnished with each lot sold. A number have been OCV'd. All bulls are semen tested. State regulations require all non-virgin bulls and all bulls over 24 months of age be tested for Trichonomiasis.

BIDS: The auctioneer-in-charge will have final say in regard to all final bids.

MAIL OR WIRE BIDS:

We hope each and everyone interested can attend the sale in person, but those who cannot may mail phone bids to the auctioneer or any of the representatives.

AI CERTIFICATES:

Any female that is bred to an AI sire not owned by the seller will NOT have an AI certificate furnished.

SALE ORDER:

The sale order will be as follows: Cow/Calf Pairs, Open Heifers, Bulls, Bred Heifers, Bred Cows, followed by Commercial Females.

CATALOG ERRORS:

Statements from the auction block take precedence over printed material. The most current EPDs from AHA issued registrations were used when available. EPDs are subject to change weekly based on data submitted to the AHA. The most current EPDs are available from the AHA's website at www.hereford.org.

A Word from the Sale Manager

Welcome to the 124th semi-annual sale of the Central Missouri Polled Hereford Breeder's Association.

I spent the past two days at the Missouri State Fair enjoying the weather and watching the Hereford shows. The popularity of the Hereford breed is as strong as ever. Entries were up slightly in both the junior and open shows with so many new faces along with the long-standing familiar families that have been exhibiting for generations.

We are experiencing record high cattle prices, a bumper crop of feed grains looks to be on the horizon, hay piles and sheds are full compared to past couple years and grass, grass, grass. We sure do have the grass!

Demand for breeding stock is gaining momentum as cow numbers are still at historical low levels. If you are needing to add to your herd either females, need that Hereford bull to compliment your pure-bred herd, or to put that white face and several free pounds through heterosis on a group of calves, then join us at 12 o'clock noon on Saturday, September 21 at the Interstate Regional Stockyard facility as 18 members offer you top consignments from their operations. Come early to enjoy some old fashioned socializing and viewing of the cattle prior to sale.

Hope to see you sale day!!

Thanks, *Larry Day*

457E is a full sister to the two-time MSF Champion Heifer, BPH WRBU Elvira 497E ET, one of our leading donors. It's hard to let this one go! She has been an extremely productive cow for us and never misses. Backed by generations of proven genetics and maternal cow power that stem from the one of our foundation cows, 65Z, coming from Bob Thompson of Glengrove Farms. Here is your chance to purchase a cow that is still in her prime! 457E was AI'd on 11-26-23 H Benton 2205 ET, the top selling bull from the 2023 Hoffman Bull sale to Upstream Ranch. She was pasture exposed to our Angus herd bull (Reg: 20313408) from 12-15-23 to 2-7-24. She will have a calf by sale day or shortly after.

This female was on a cow that I got from Falling Timber Farms and has really turned into a great cow. Lovely coloring with a good frame and only on her second calf out of the great PYRAMID DAYBREAK 9165. She's one you won't want to miss. She ranks in the top 13% for SC, 15% for WW & YW, 20% for M&G, 25% for UDDR, CW, BII, MILK, CHB, & BMI, 30% for REA, MARB, TEAT, MCE, & SCF, 35% for CED & BW. She has been running back with my newest herdsire, JMS VICTOR 882 262, a superb heifer bull with amazing maternal epds and sustainability. Her calf is sure to be a good one with a great udder and a great look!
